RE: Tyson's Hazardous Waste Dump Cleanup

Dear Ms. Sinclair:

The purpose of my letter is to notify you on behalf of the Board of Supervisors that it is the Township's position, in regard to the clean-up of the Tyson's Dump, to have all of the materials hauled from Upper Merion Township utilizing the rail alternative and not by the use of heavy trucks.

It is our position that it is in the best interest of the health and welfare of our residents that this alternative be utilized because it will minimize the potential of spills due to highway accidents and increased exposure to other residential areas of this community.

As per the resolutions, you can see that a significant number of our residents have voiced this opinion to the Board of Supervisors, and I have enclosed the petitions as evidence of additional support to the Board's position.

I trust that your agency will give this request a most serious consideration and would accommodate our desires.

Very truly yours,

Ralph P. Volpe
